INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Interfaith CarePartners, Inc. Houston, Texas

Opinion

We have audited the accompanying combined financial statements of Interfaith CarePartners, Inc. (a Texas non-profit corporation) and affiliate (collectively, the Organization), which comprise the combined statements of financial position as of December 31, 2023 and 2022, and the related combined statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of the Organization as of December 31, 2023 and 2022, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Houston, Texas May 31, 2024

Carr, Riggs & Ungram, L.L.C.

Note 1: ORGANIZATION AND NATURE OF OPERATIONS (Unaudited)

In June 1988, the Foundation for Interfaith Research and Ministry (FIRM) was established as a nonprofit corporation to support research, education and service programs relating to the disciplines of theology, religious studies, pastoral care and other public service programs. In July 2000, FIRM legally amended its charter, changing its name to Interfaith CarePartners, Inc. Interfaith CarePartners, Inc.'s certificate of operation under Assumed Name of "CarePartners" became effective on June 2, 2016 for a period of ten years.

CarePartners is a nationally recognized nonprofit organization providing high-quality care for older adults and people with dementia, as well as their caregivers. CarePartners bridges the gap between healthcare and social services by offering programs to educate caregivers and promote their physical and mental well-being while honoring their loved ones' needs, interests, and abilities. CarePartners provides services to help families navigate every step of the aging journey, via support groups, in-home visits, caregiver consultation, workshops, and activity programs designed for individual participants. With a robust corps of certified staff and trained volunteers, CarePartners offers services online, by phone, across the community, and on-site at the Dementia Day Center, the only adult daytime facility in the Houston region for individuals from early to late-moderate stages of dementia. In 2023, CarePartners mobilized 1,463 volunteers to provide 65,587 hours of education, care, and support to 2,442 older adults and their family caregivers.

Program Offerings:

Caregiver Educational Conferences:

Workshops and conferences that provide caregivers with education and community resources to help them take better care of themselves and their loved ones. In 2023, 892 individuals attended our inperson and virtual conference and workshops offered across the region.

Common Ground:

Support groups for family caregivers of older adults and individuals with dementia offering emotional support, resources, and tips about self-care. 12 in-person groups are offered monthly across the Greater Houston area and 2 programs are offered virtually, one weekly and the other bi-weekly. In 2023, 203 family caregivers received 1,890 hours of emotional support through Common Ground.

Caregiver Consultation:

Ongoing one-on-one support, guidance, and action-planning for family caregivers by specialized staff offered in both English and Spanish. Our care consultants provided 253 hours of direct service to 266 caregivers.

Second Family:

In-home companionship and respite program led by volunteers for homebound older adults and individuals living with dementia. Availability limited to geographic areas. 8 teams of volunteers across greater Houston provided 4,021 hours of in-home and transportation assistance to 88 older adults in 2023.

Note 1: ORGANIZATION AND NATURE OF OPERATIONS (Unaudited)(Continued)

The Gathering Place:

Half-day activity program for individuals with dementia with multiple locations throughout Harris, Fort Bend, and Montgomery Counties. In 2023, 36 sites across greater Houston provided 29,384 hours of socialization, care, supervision, and respite to 835 individuals with dementia and their caregivers.

Dementia Day Center:

Licensed Adult Day Center for individuals with dementia that provides a variety of unique activities and quality care from specialized staff in a safe, secure, and well-planned environment. Participants must pay daily rates or receive subsidies through the Harris County Area Agency on Aging or the VA to attend. In 2023, the Day Center provided 30,039 hours of care to 158 individuals with dementia and their family caregivers.

CarePartners programs are in Harris, Fort Bend, and Montgomery counties. Our online programs and resources are available to everyone with access to the internet. In addition, our programs have won numerous national and local awards, including a President's Community Service Award, the nation's highest honor for volunteer community service. The organization's reputation for excellence in volunteer program management elicits inquiries from groups across the country seeking advice and consultation, as well as wishing to replicate the procedures and practices of CarePartners' program.

The affiliate of CarePartners is The Acorn Foundation (Acorn), established as a nonprofit corporation in June 1993, to be administered solely for the benefit of CarePartners. Acorn exists to invest and administer the endowment fund for Interfaith CarePartners.

The accompanying combined financial statements include the accounts of CarePartners and Acorn (collectively, the Organization), all of which are under common control. Inter-organization transactions and balances have been eliminated in combination.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying combined financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of the combined financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the amounts of reported revenues and expenses, and the allocation of expenses among various functions. Actual results could differ from those estimates that were used. Estimates that are particularly susceptible to significant change in the near term are related to allocation of functional expenses.

Cash and Cash Equivalents and Restricted Cash

Cash and cash equivalents include cash and all highly liquid investments with an original maturity of 90 days or less.

As of December 31, 2023 and 2022, the restricted cash of \$164,196 and \$411,546, respectively, is for the Dementia Day Center and Caregiver staff positions.

Investments and Investment Return

The Organization reports investments at fair value in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities. Investment income and gains restricted by donors are reported as increases in net assets with donor restrictions in the reporting period in which the income and gains are recognized.

Promises to Give

Conditional promises to give are not recognized in the combined financial statements until the conditions are substantially met or explicitly waived by the donor. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows, if material. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. In the absence of donor stipulations to the contrary, promises with payments due in future periods are restricted to use after the due date. Promises that remain uncollected more than one year after their due dates are written off unless the donors indicate that payment is merely postponed.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounts Receivable

Accounts receivable consist of billings from contract with customers that are expected to be collected within twelve months and are presented in the statements of financial position net of the allowance for credit losses.

Contract assets related to revenue from grants or contracts with customers consists of the following:

December 31,		2022	
Contract assets			
Accounts receivable, beginning of year	\$	74,930	\$ 24,052
Accounts receivable, end of year	\$	100,335	\$ 74,930

Allowance for Credit Losses

Management evaluates its receivables on an ongoing basis by analyzing customer relationships and previous payment histories. The allowance for credit losses is management's best estimate of the amount of expected credit losses in the existing accounts based on current market conditions. Historically, losses on uncollectible accounts have been within management's expectations. The allowance for credit losses is reviewed on a periodic basis to ensure there is sufficient reserve to cover any potential credit losses. When receivables are considered uncollectible, they are charged against the allowance for credit losses. Collections on accounts previously written off are included in the change in net assets as received. The allowance for credit losses was \$29,364 at December 31, 2023. No allowance for credit losses was considered necessary at December 31, 2022.

Property and Equipment

All acquisitions of property and equipment in excess of \$1,000 and all expenditures for maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Repairs and maintenance are expensed as incurred. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method. As of December 31, 2023 and 2022, all property and equipment is fully depreciated.

Leases

The Organization leases office space and equipment. The Organization determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets and operating lease liabilities the combined statements of financial position.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ROU assets represent the right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As most of the leases do not provide an implicit rate, the Organization has elected, as a practical expedient for all classed of assets to use a risk-free rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The Organization's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Refundable Advance

The Organization recognizes contributions received in advance (primarily for their annual fundraising event, Sweet Charity), as a refundable advance.

Net Assets

The Organization reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the combined financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition

Revenue from fees and payments under various contracts is recognized as revenue when performance obligations under the terms of the contracts with customers are satisfied. Revenue received in advance is deferred and recognized at point in time when the services are performed. These amounts are included in performance obligation liabilities within the combined statements of financial position, if any.

Grants and contributions are recognized when cash, other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met or the donor has explicitly removed the conditions.

Special event revenue represents the amount paid by donors, sponsors, and attendees of a fundraising event. Ticket sales include elements of both contributions and exchange transactions and are recorded when the event occurs. Cost of direct donor benefits provided represents the costs of goods and services provided in exchange for the amount paid by event attendees. For the years ended December 31, 2023 and 2022, cost of direct donor benefits totaled approximately \$70,400 and \$36,700, respectively.

Donated Assets

Donated investments and other noncash donations are recorded as contributions at their fair values at the date of donation. Such donations are reported as without donor restriction unless the donor has restricted the donated asset to a specific purpose.

Donated Services

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Volunteers also contribute their time to support the Organization's service programs, principally in client care, and fund-raising services throughout the year that are not recognized as contributions in the combined financial statements since the recognition criteria were not met.

Functional Allocation of Expenses

Directly identifiable expenses are charged to program or supporting services. Expenses that relate to salaries, fringe benefit and taxes, contractual and professional services, printing, postage and supplies, office rent and maintenance, IT and communications, professional development, insurance, travel and mileage, and program support are allocated based on estimates of time and effort of all staff members, which are reviewed throughout the year and updated, if needed, due to staff changes.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

CarePartners and Acorn are exempt from Federal income taxes under Section 501 (c)(3) of the Internal Revenue Code and, accordingly, are not subjected to federal income taxes.

The Organization utilizes the accounting requirements associated with uncertainty in income taxes using the provisions of FASB ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the combined financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of December 31, 2023 and 2022, the Organization has no uncertain tax provisions that qualify for recognition or disclosure in the combined financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the combined financial statements were available to be issued May 31, 2024 and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these combined financial statements.

Recent Accounting Pronouncements

In February 2016, the FASB issued guidance ASC 842, *Leases* to increase transparency and comparability among organizations by requiring the recognition of right-of-use (ROU) assets and lease liabilities on the combined statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of combined financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

The Organization adopted the standard effective January 1, 2022 and recognized and measured leases existing at, or entered into on or after, January 1, 2022 (the beginning of the period of adoption) through a cumulative effect adjustment.

As a result of the adoption of the new lease accounting guidance, the Organization recognized on January 1, 2022 a lease liability of \$641,614, which represents the present value of the remaining operating lease payments of \$654,802, discounted using the risk-free rate of 1%, and a right-of-use asset of \$641,614. There was no impact on net assets at date of adoption.

The standard had a material impact on the Organization's combined statements of financial position, but did not have an impact on the combined statements of activities, functional expenses or cash flows. The most significant impact was the recognition of ROU assets and lease liabilities for operating leases.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, which is often referred to as the CECL model, or current expected credit losses. Among other things, the amendments in this ASU require the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to better inform their credit loss estimates. Many of the loss estimation techniques applied today will still be permitted, although the inputs to those techniques will change to reflect the full amount of expected credit losses. In addition, the ASU amends the accounting for credit losses on available-for-sale debt securities and purchased financial assets with credit deterioration.

The Organization adopted ASU 2016-13 on January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in enhanced disclosures only.

Note 3: LIQUIDITY AND FINANCIAL ASSET AVAILABILITY

The CarePartners' primary sources of support are contributions and grants. Fundraising events are held during the year to support the CarePartners' budget. Additionally, CarePartners receives funds from Acorn based on budgeted needs. CarePartners operates with a balanced budget and anticipates covering its general expenditures by collection of sufficient support and Acorn's annual transfer of funds.

As of December 31, 2023, CarePartners has \$1,718,323 of unrestricted financial assets available within one year of the combined statement of financial position date consisting of cash and cash equivalents, investments, and accounts receivable. As of December 31, 2022, CarePartners has \$173,919 of unrestricted financial assets available within one year of the combined statement of financial position date consisting of cash and cash equivalents, promises to give, and accounts receivable.

Although not expected to be needed, the Acorn's financial assets are available for spending without limitation at the discretion of the Board. As of December 31, 2023, Acorn's financial assets total \$1,922,913 consisting of short-term and long-term investments, of which \$1,723,843 could be used to assist CarePartners.

Note 4: INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Note 4: INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Organization are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Organization are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Assets measured at fair value on a recurring basis consists of the following:

	Act	oted Prices in ive Markets ir Identical Assets (Level 1)	Ol	gnificant Other bservable Inputs Level 2)	Significant nobservable Inputs (Level 3)
December 31, 2023					
Total investment in mutual funds	\$	3,229,913	\$	-	\$
December 31, 2022					
Total investment in mutual funds	\$	1,579,064	\$		\$

Note 4: INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total assets. For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5: LEASES

CarePartners has operating leases for office space and equipment. The leases have remaining lease terms of two to five years with no renewal options.

The components of lease expense consist of the following:

For the years ended December 31,		2023	2022
Operating lease cost	\$	169,189	\$ 167,278
Other information related to leases was as follows:			
For the years ended December 31,		2023	2023
Supplemental Cash Flow Information			
Cash paid for amounts included in the measurement of			
lease liabilities:			
Operating cash flows from operating leases	\$	173,567	\$ 142,348
Weighted average remaining lease term and discount rates consis	t of th	ne following:	
For the years ended December 31,		2023	2022
Weighted average remaining lease term Operating leases		2.08 years	3 years
Weights average discount rate			
Operating leases		1.09%	1.00%

Note 5: LEASES (Continued)

Future minimum lease payments under non-cancellable operating leases as of December 31, 2023, were as follows:

	Operating Leases	
For the year ending December 31,		
2024	\$	173,816
2025		173,816
2026		2,998
2027		2,998
2028		999
Total future minimum lease payments		354,627
Less imputed interest		(4,218)
Present value of lease liabilities	\$	350,409

Note 6: NET ASSETS WITH DONOR RESTRICTIONS

During 2022, CarePartners received \$199,070 from one donor to be held in perpetuity and the future earnings to be used for Dementia Day Center operations. No earnings were accumulated for the years ended December 31, 2022 and 2023 on this donation. In December 2023, CarePartners' Board of Directors approved the transfer of \$199,070 in order for it to generate future earnings for Dementia Day Center operations. At December 31, 2022, CarePartners has net assets with donor restrictions of \$199,070 as the original donor restricted gift and amount required to be retained in perpetuity.

At December 31, 2023, CarePartners has net assets with donor restrictions of \$152,626 for the Dementia Day Center operations, \$11,570 for caregiver education to be used in subsequent periods. At December 31, 2022, CarePartners has net assets with donor restrictions of \$351,241 for the Dementia Day Center operations, \$8,260 for CareTeam coordinator and \$2,975 for caregiver education to be used in subsequent periods.

At December 31, 2023 and 2022, net assets with donor restrictions from Acorn in the amount of \$1,723,843 and \$1,579,064, respectively, are available for investment for the benefit of CarePartners. At December 31, 2023, Acorn has net assets with donor restrictions of \$199,070 as the original donor restricted gift and amount required to be retained in perpetuity.

Note 7: CONTRIBUTIONS IN-KIND

During the year ended December 31, 2023, the Organization received \$600 in donated kits valued at fair value of the cost of similar items.

In 2022, in addition to the lease agreement with BakerRipley, CarePartners signed a transfer agreement for the transfer of supplies and equipment in use at the Dementia Day Center and other office supplies and equipment for monetary consideration of \$1. The total fair market value of these items is \$35,675. This was recorded as an in-kind donation at the transfer date of January 1, 2022 and the supplies and equipment were subsequently expensed during the same period as their individual values were below the capitalization threshold. Donated supplies and equipment are valued at the fair value of the cost of similar items.

Note 8: DISTRIBUTIONS FROM AND TO AFFILIATE

During 2023 and 2022, Acorn's Board of Directors approved \$175,000 and \$275,000, respectively, transfer to CarePartners.

In December 2023, CarePartners' Board of Directors approved the transfer of \$199,070 that is required to be held in perpetuity and the future earnings to be used for Dementia Day Center operations. (See Note 6).

In December 2023, CarePartners' Board of Directors approved the return of funds totaling \$100,930 to Acorn.

Note 9: CONCENTRATION OF CREDIT RISK

At various times during the years, the Organization may have bank deposits in excess of Federal Deposit Insurance Corporation (FDIC) insurance limits. Management believes any credit risk is low due to the overall financial strength of the financial institution.

As of December 31, 2022, three donors accounted for 99% of the promises to give.

As of December 31, 2023, two agencies accounted for 62% of the accounts receivable. As of December 31, 2022, one agency accounted for 57% of the accounts receivable.

For the year ended December 31, 2023, two donors accounted for 70% of the grants, contributions and special events. For the year ended December 31, 2022, two donors accounted for 40% of the grants, contributions and special events.
